

ELECT

Vote on OCTOBER 15th

Steve STREATCH

Proven Ability

The Waverley - Fall River area, as well as surrounding communities, has grown rapidly over the past 20 years. To accomodate future growth I will work with our Federal and Provincial representatives to provide water and sewer upgrades, better transportation access and construction of the Aerotec connector.

I will push for enhanced local infrastructure, such as sidewalks, community bus stops and recreation, including support for the River Lakes trail project.

I will ensure that government decisions consider all aspects of community concern, especially as it relates to quality of life, the local environment and our lakes and waterways.

The primary industries of agriculture, mining and

forestry are important to the rural areas of District 1, the Musquodoboit Valley. I will support investment and legislation that recognizes these sectors, and provides for local jobs and economic development.

I have 25 years business experience and 13 years as a former member of Halifax Regional Council. When elected I will be a full time representative, and will provide direct communication and updates to you with regular newsletters and personal contact.

As an experienced debater, I will be an effective Councillor and a strong representative, fighting for lower taxes, smaller government and greater control on spending at City Hall.

I will prioritize seniors issues within HRM, such as housing, tax rebate programs and greater accessibility to transportation options.

I will continue to support our Police and Fire Services, helping to reduce crime and increasing public safety by ensuring our members have the resources they need to do their jobs.

On October 15th, I ask for
your support,
Steve Streach

Councillor District 1

Waverley – Fall River – Musquodoboit Valley
